TRADEFAIR 2019

FOR FLORISTS & GARDEN CENTRES

January 9th and 10th 2019 in Odense Congress Centre

The Trade fair for florists and garden centres is an annual event, with great importance to visitors as well as exhibitors within the green industry. The fair is only for professionals such as garden centres, larger flower shops and shops with an interest in gardening accessories and lifestyle products in Denmark and in the rest of the Nordic countries.

The visitors are potential customers and journalists specializing in gardens and flowers. As a supplier of plants, garden products and handcrafts to reach your target group in one place.

Advertising

The magazine "Danish Garden Centres" will be published in December 2018. The special issue will feature information concerning the fair: exhibitor list, news and articles relevant for those participating. Besides being distributed in all the Nordic countries, the issue will be available for guests at the fair. The magazine is a great opportunity for targeted advertising.
